## COVERING OVER 50 YEARS OF CLASSIC AND CURRENT MUSIC

**The Garden** was formed in 2004 by front-man Mark Wexler. Now, in its 3rd evolution, **The Garden** has made a name for themselves - with their rockabilly flare infused into classic rock hits and the best of modern day charts, **The Garden** plays something that suits everyone's tastes. Priding themselves on covering 50 years worth of classic and current music...with just enough twist. They are known for getting the toe tappers out of their chairs and onto the dance floor.

**The Garden** is influenced by a broad spectrum of classic bands like *The Beatles, Elvis, The Doobie Brothers, Bryan Adams, Prince, Jason Mraz, Bruno Mars, The Eagles* and *The Black Keys*. With over 200 songs in their repertoire, **The Garden** has created a harmonious sound that captivates audiences with its tight licks, harmonies, and duelling guitars!

As a sought after cover band for high end functions, corporate events, charity balls, and Saturday night rock houses, **The Garden** is always ready and passionate about playing their song list.

### Page Magen, CEO of the Megan Boys Entertainment has this to say about **The Garden**

"As Canada's #1 turn-key event production and entertainment company, we know good entertainment. **The Garden** is high energy sound, tight vocals, spot on harmonies, screaming guitars, and has a rhythm section that takes you from funk to soul and back to rock n roll.

I would recommend **The Garden** and their spirited entertainment style to anyone looking for a live rockin' band with an added flare of style, grace and poise"
